

DupliCore™

Standalone CD/DVD Duplicators

Duplicate up to 9 CD/DVDs simultaneously with the push of a button

Supports Blu-Ray Drives

The PrimeArray DupliCore line of CD/DVD Duplicators makes disc copying a breeze. Available in a range of options from 1-to-1 to 1-to-9, the DupliCore line is ideal for making instant copies with complete accuracy. The DupliCore XL Series includes an internal hard drive to save disc images for easy management and repeat duplication.

Key Features:

- ◆ 16X DVD Duplication
- ◆ 48X CD Duplication
- ◆ 32MB SDRAM Data Buffer
- ◆ Self diagnostics when powered on
- ◆ User friendly 2x16 LCD screen
- ◆ Automatic DVD format detection
- ◆ 4-button membrane operation panel
- ◆ 250 GB Hard Drive available in the XL series
- ◆ Continuous copying without cool down period

Ease of Use

There is no easier way to duplicate CDs and DVDs. Simply put the source media in the reader drive and press the copy button - duplicate copies will automatically be burned to the writer drives. The PrimeArray DupliCore line supports automatic format detection and offers verify and test options to ensure accurate reproductions.

With the DupliCore XL series, there is no need to use the CD/DVD drive to create duplicates - copies can be made directly from the internal 250GB Hard Drive.

Fast, Simultaneous Duplication

Duplicate up to 9 copies simultaneously
